### Early Learning Readiness
Provides an educational foundation for pre-school children and their caretakers, helping ensure they are ready for kindergarten and can keep up with their peers in school.

### Summer Learning Program
Focuses on helping elementary students, who are most at risk for falling behind in their reading skills, to stay on track and avoid summer learning loss.

### School-Age Child Care
Provides a safe, enriching environment where kids in elementary and middle school can learn, grow and thrive during the critical hours before and after school.

### Child Development Centers
Focus on nurturing each child’s development by building foundational skills, trusting relationships and self-esteem through our values of caring, honesty, respect and responsibility.

### Swim Lessons
Save lives by giving people of all ages a life-long skill through certified instruction that emphasizes the importance of safety, confidence and endurance in the water.

### Summer Learning Program
Focuses on helping elementary students, who are most at risk for falling behind in their reading skills, to stay on track and avoid summer learning loss.

### Safety Around Water Program
A free summer program designed to reach children at risk of drowning and teach them basic water safety skills to keep them safe in and around the water.

### YMCA Youth Achievers
Helps elementary and middle-school students develop social skills, self-esteem, friendships and gain new culturally-based experiences through field trips and workshops.

### Safe Place Services Street Outreach
Gives homeless and vulnerable youth a chance at a better life by supporting basic needs, and offering a center where young adults can access essential resources.

### YMCA Black Achievers
Motivates teens in grades 8 -12 during the academic school-year to strive for their full potential and work hard to reach their higher education and career goals.

### Y-Now Mentoring Program
Works with youth, ages 11-15, who have a parent in prison, and provides the hope, confidence and courage they need to break the cycle of incarceration.

### Actively Changing Together
Engages families in healthy lifestyle education through evidence-based programs to help youth work towards healthier behaviors.

### Safe Place Services Shelter
Offers a free, temporary residential shelter to homeless and vulnerable youth, ages 12-17, as well as provides mediation and other resources for the youth and their families.

---

The Y™ For a better us.
The Y is for everyone. Last year, over 19,000 individuals participated in our Y’s programs and services because of the funds raised in our Annual Campaign.

GIVE. FOR A BETTER US.
YMCA of Greater Louisville

NEWCOMER ACADEMY PROGRAM
is an after-school academic, social and sports program for immigrant and refugee students new to the U.S. who are in middle or high school at JCPS Newcomer Academy.

Y-CAP & DIAMONDS PROGRAMS
focus on positive youth development for middle and high school students through healthy lifestyle, education and service activities. Y-CAP works specifically with at-risk youth and their families.

CAMP PIOMINGO
gives kids the life-changing experience of overnight camp, where they will learn more about nature, gain a greater sense of independence and build friendships and memories that will last a lifetime.

ADAPTIVE SPORTS PROGRAMS
are designed so that children, ages 5-14, with a physical or mental disability have the opportunity to make friends, have fun and build skills through team sports.

YOUTH SPORTS PROGRAMS
strive to give every child the opportunity to build skills, gain confidence and learn teamwork while having fun and staying active through participation in team sports.

SUMMER DAY CAMPS
provide kids with a variety of imaginative activities that make sure they are able to stay engaged and discover more about themselves and the world around them during the summer.

BLOOD PRESSURE SELF-MONITORING
helps participants learn how to reduce and better manage their blood pressure by working with trained Healthy Heart Ambassadors over a 4-month time frame.

LIVESTRONG AT THE YMCA
offers cancer survivors support to rebuild strength and confidence in a safe, supportive environment and empowers them to raise awareness for the fight against cancer.

HEALTH, WELL-BEING & FITNESS
programs provide the activity and motivation to help individuals and families learn healthy choices while growing stronger in spirit, mind and body.

CHESTNUT STREET TRANSITIONAL SHELTER
provides homeless men with housing, food, case management and career resources to help them on the road to self-sufficiency.

YMCA WEIGHT LOSS CHALLENGE
is designed to help participants explore healthier lifestyle choices and work towards their individual health and weight loss goals with guidance and support.

DIABETES PREVENTION PROGRAM
helps people, who are at risk for developing type 2 diabetes, learn to reduce their risk by making healthy lifestyle choices.
