

GROWING OUR MISSION BUILDING OUR FUTURE

REPUBLIC BANK FOUNDATION YMCA

The newest branch of the YMCA of Greater Louisville, which was more than 10 years in planning, is scheduled to open in October, 2019. The Republic Bank Foundation YMCA located at 1720 West Broadway is a state-of-the-art facility offering healthy living programs, youth sports, swimming, child care, day camp, a Best Buy Teen Tech Center, and a variety of other adult and youth programming. Along with our partners; Republic Bank, Norton Healthcare, ProRehab, Family & Children's Place; this new facility will offer a unique **COMMUNITY INTEGRATED HEALTH** approach.

HOW WAS THE VISION FOR THIS PROJECT CREATED?

The YMCA has been part of the west Louisville community since the late 1800s. The Chestnut Street YMCA has served thousands of youth and adults since the early 1900s.

For 30 years, the YMCA has received requests to expand its presence in west Louisville. The current project vision started with market research that included contacting 964 people in west Louisville. Results showed a strong interest in health and medical services, a swimming pool, youth programs, and leadership/character development, among others. This began the journey to find partners, acquire property, financing, and design.

Along the way, other community connections were made. Joining with Passport, two large community meetings were held. The Y has been active in the Russell Choice Neighborhood and California/Victory Park planning activities; and has many other long standing partnerships including Jefferson County Public Schools, Metro Government, Metro Health Department, and others.

It has been an exciting journey, and the Y is scheduled to open in October of 2019.
